WELCOME

PAUL/DAN: Welcome everybody to the most GIGANTIC...the most ENORMOUS...and dare we say it, the most GINORMUS...MEGA-AWESOME COSTUME PARTY YOU HAVE BEEN TO!!!! Everybody give yourself a round of applause and give your neighbor a high-five, because you all look awesome. MEGA-AWESOME to be exact. And we’re going to have an awesome time...scratch that...a MEGA-AWESOME time.

Now usually we are pretty good at recognizing our friends out there. We see each other every week. But today, we don’t know that we know who’s out there! You all look incredible, but you don’t look like yourselves. You look like heroes and princesses and masked characters and other awesome things. And we know you want to show off your costumes to all your friends. So we’re going to have a little fun and see WHO’S AT THE PARTY!

LIGHTS: Fun colors

CG: WHO’S AT THE PARTY?

WHO’S AT THE PARTY?

PAUL/DAN: When you’re at a party, especially one as MEGA-AWESOME as this, you sort of want to know what other awesomeness is beside you. So we’re going to give you a rundown of the incredible people we invited to this party. On the screen you’re going to see a few costumes represented. If you see your costume on that screen, then you get to stand up and show it off to the entire room. Pay close attention; you won’t want to miss your opportunity to show off how MEGA-AWESOME you truly are.

Here we go!

VIDEO: REVOLVING COSTUMES (PRINCESS END)

AUDIO CUE: “A Golden Childhood” (Disney’s Cinderella 2015)

LIGHTS: Stage lights up in a PRINCESS theme (pink, blues, purples); house lights up

PAUL/DAN: It’s ladies first at this party, so we need all our princesses to stand up! Any princesses at this party today? If you love to twirl, go to a dance, meet a handsome prince, and live happily ever after, we need you to stand up and show us those beautiful dresses. We love all princesses here in Elementary. So glad you ladies joined us today. It certainly wouldn’t be a MEGA-AWESOME costume party without you! All you princesses can take a seat and we’ll see who else is at our party today!

VIDEO: REVOLVING COSTUMES (HEROES END)

AUDIO CUE: The Avengers theme song

LIGHTS: Stage lights up in a HERO theme (reds, oranges, yellows, dark blues); house lights up

PAUL/DAN: Looks like we need our HEROES to stand up! If you are dressed as anyone who has fought a brave battle against evil forces or if you've saved the universe from doom, let us see those costumes. Stand up if you're a doctor, a fireman, or a policeman, because you are HEROES too. You always save the day. Strike us a HERO pose and show us what you got! Don't we all feel safer with all these HEROES at our party? Looking good everyone! Ok, heroes, you can take a seat and let's see who's next...

VIDEO: REVOLVING COSTUMES (CELEBRITY END)

AUDIO CUE: "Let's Get Crazy" (HM: The Movie)

LIGHTS: Stage lights up in blues and greens; house lights up

PAUL/DAN: Alright. Alright. If you're dressed up as someone you think is MEGA-AWESOME, take a stand! You could be someone famous, someone you look up to, or someone you hear every day on the radio or see on TV or in a movie. Someone you know is MEGA-AWESOME and you look MEGA-AWESOME as you've copied their amazing style. (Host: talk about some of the costumes you see.) Looking good everyone! I'm so glad you joined our party today! You guys can take a seat and we'll see who else is at this party!

VIDEO: REVOLVING COSTUMES (MASKS END)

AUDIO CUE: What's My Name?

LIGHTS: Stage lights up in blues and greens; house lights up

PAUL/DAN: Ooh, this is a good one! This is for anyone wearing a mask! If you've got your face covered and we can't tell who you are, this one's for you! This is your time! Stand up if you're wearing a mask so no one knows your true identity. Don't reveal your face, but give us your most awesome stare through that mask. My masked friends, never let them know who you really are. Thanks for coming to our party today, friends. You can have a seat. Let's see what other party people we have here...

VIDEO: REVOLVING COSTUMES (WACKY END)

AUDIO CUE: Friend Like Me

LIGHTS: Stage lights up with yellows and whites and reds; house lights up

PAUL/DAN: If you haven't stood up yet, then this one's for you. Your costume is one of a kind and YOU... ARE...AWESOME! You may have a crazy wig on or a morph suit. Or your costume may be crazy, zany, over-the-top, and MEGA-fun. This is your time! Let us see those awesome costumes as you stand up and strike a pose. (Talk about some of the costumes you see.) You could be a hot dog or a box of Pop Tarts or a tree. Whatever you came as today is awesome and you're looking good!

COMPETITION REVEAL

PAUL/DAN: I'm so glad you guys are hanging out with us today and we've got more party fun happening right now as we find out who's walking out of Elementary today with some MEGA-AWESOME PRIZES! Your groups and grade will have the opportunity to collect points during each game in order to potentially win some AWESOME LEVEL prizes (full bags of candy, etc.) and MEGA AWESOME LEVEL prizes (a donut part next Sunday for your whole GRADE)!

Are you so excited? Who is ready to compete?!

GAME - DUDE, WHERE'S MY MUMMY?

CG: MEGA-AWESOME logo loop

AUDIO CUE: Game Playlist

PAUL/DAN: Alright! Let's get started with the first competition. What is one of the most popular costumes of all time? (Take some answers from the crowd). That's right, it is a mummy!

We thought that we could party like an Egyptian for a moment with a little game that we like to call: Dude, Where's My Mummy? This game is going to involve all the small groups in your grade to work together to create a mummy. Here's the catch: It's not a race to see who can create a mummy the fastest; however, what grade can create the most creative mummy or mummies. You have a bucket full of supplies and it's your job as a grade to create the most creative mummy...think what would The Avengers look like as mummies or Olaf? The more creative the better! Oh, here's the last part: You have only 5 minutes to do it all!

CG: DUDE, WHERE'S MY MUMMY GRAPHIC

PAUL/DAN: On your marks...get set...MUMMIFY!

PAUL/DAN: Great job everyone! Award points and give out candy for honorable mentions!

GAME - FALL SCATTEGORIES

PAUL/DAN: Ladies and gentlemen, we are about to play one of our favorite games called Scattegories! We need one SGL from each grade to come up here and get ready to play!

Hosts select students and get them ready on stage. Bring up the "Pie Master" to help with pies

CG: Scattegories

AUDIO CUE: Game Playlist

PAUL/DAN: Here is how this game works: We will throw a topic on the screen. One by one, you will have to say something about that category. Sounds pretty easy, right? Well, think again! If you pause for 3 seconds OR repeat what has already been said, you will get slapped in the face with a very special MEGA AWESOME pie and you will have to go sit down. Does everyone understand? Wonderful! Alright, everyone ready to begin?! Here we go... the first category is...

Tech team puts up categories on screen (there will be 8 categories in all). Hosts will walk down the line holding the microphone up to SGL's to hear their responses.

If SGL pauses for 3 seconds or repeats, PIE THEM IMMEDIATELY! Do not hesitate. This helps with excitement!

GAME - SNAPCHALLENGE

PAUL/DAN: Is anyone totally exhausted from all this MEGA-AWESOMENESS? Yeah, us neither! We've got some more MEGA-AWESOMENESS in store. We know you've been to awesome parties before, but you've never been to a MEGA-AWESOME party. Who is ready for another game?!

PAUL/DAN: So, this next game requires for you and your entire grade to work together again! But, before we get too far into the game, how many of you are familiar with a little app called Snapchat?! (Explain briefly // show goofy photos of Paul/Dan with filters). The object of this game is to test your photographic by remembering details from funny pictures once they've disappeared. Now, as you can see, we have four different corners labeled in the room. For each question, you will have four different choices and have to choose correctly.

Lights show the four corners.

CG: SNAPCHALLENGE

LIGHTS: House up, movers onstage, etc.

AUDIO CUE: Game Playlist

PAUL/DAN: Now, this is where you have to work together! You and your ENTIRE grade must move together as one. For example, like a centipede or snake which are pretty creepy (grab shoulders of person in front of you).

Announce winner after each question and award points for each question.

GAME - FEEL & SQUEAL

PAUL/DAN: Alright! It has come to the last competition of the day! Now, you may have all have heard about March Madness if you are a basketball fan; however, have you heard of Spooktober Madness? So, here is what happens next: We asked our local mad scientist to concoct a few different items that are spooky and gross! We need some help to determine what these items are.

Hosts call up a child from each grade to the stage. This game is going to go tourney style (K v 1; 2 v 3; 4 v 5; 6 gets bye and so forth). Two will go head to head at a time to get the items in the box.

PAUL/DAN: Are you ready?!

CG: Feel & Squeal

LIGHTS: House up, movers onstage, etc.

AUDIO CUE: Game Playlist

PAUL/DAN: Great work to everyone! And the winner of MACP...will be told later on in service! At this time, get ready to have even more MEGA AWESOME fun as we jump into a time of singing and dancing!
