"Building a Firm Foundation,
Brick by Brick"

The goal of this weekend is to teach students the importance of building their lives on the firm foundation of God. In the world our students live in today, this isn't always easy; living a Christian life can be difficult. However, it's about making small decisions every day to build our lives upon Jesus, brick by brick.

DISCUSSION QUESTIONS

- What gives you the most hope heading out of this weekend?
- Where do you think God is challenging you most?
- How can we help one another grow in our relationship with Jesus?
- How can we be a Tribe that starts bringing people to church?
